

Guided Revision

28 school weeks

You have 28 school weeks until your exams start

Retrieval practice

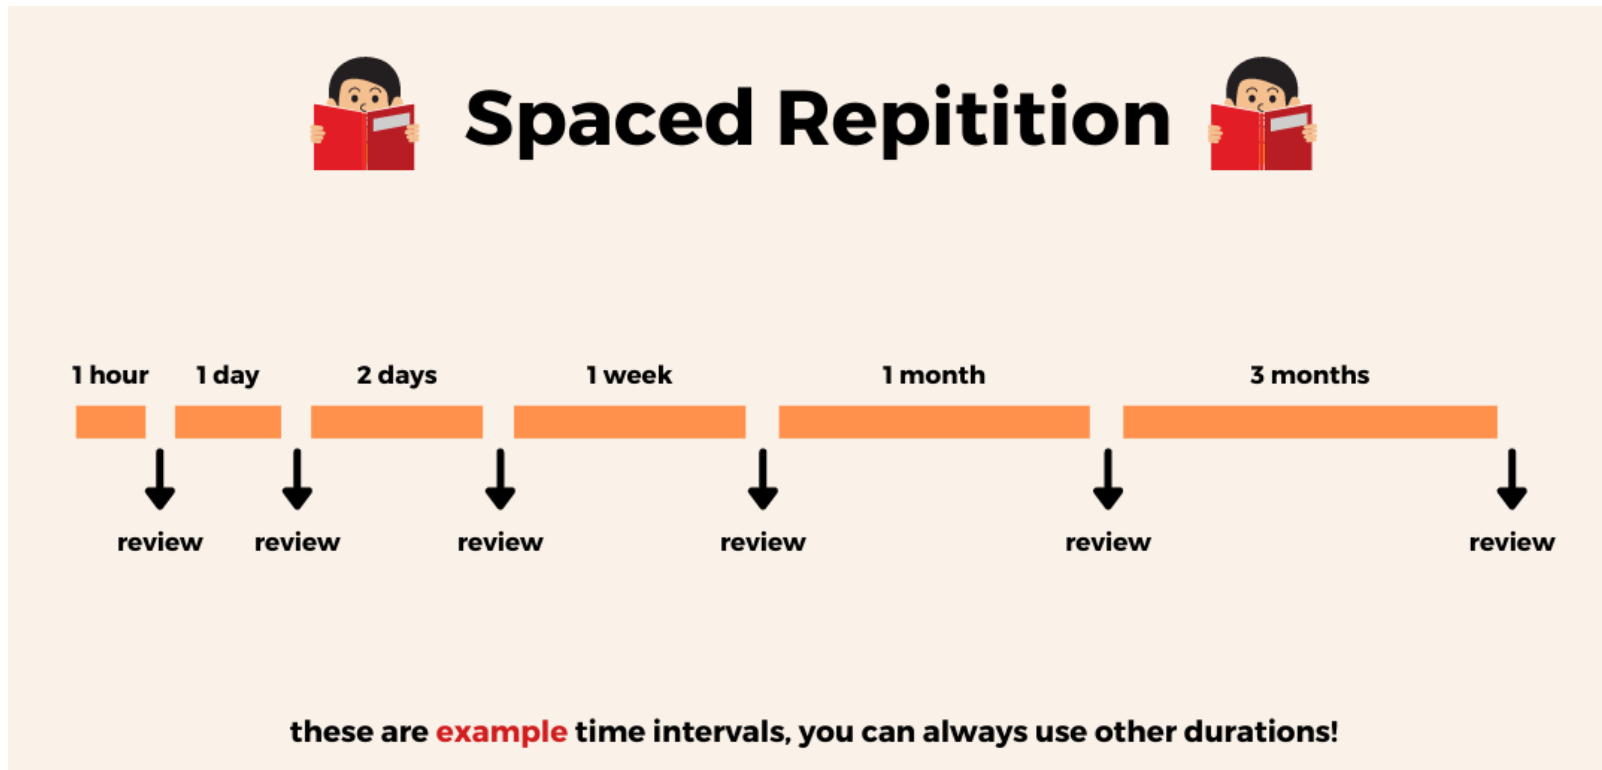

Think- Pair - Share

1. What is spaced practice?
2. How have you used spaced practise this week? How did it go?

Learning objectives

By the end of this lesson you will have reviewed and put into practice the first metacognitive strategy: spaced practice

Spaced Practice

Spaced practice practice

Use your core subjects to write a question for each of your core subjects that you know the answer for.

| | Write a question about something you learnt last lesson | Write a question about something you learnt last week | Write a question about something you learnt last term |
|---------|---|---|---|
| Maths | | | |
| English | | | |
| Science | | | |

Now test each other
