

What is retrieval practice?

Do a brain dump of as many different types of retrieval practice as you can

Learning objectives

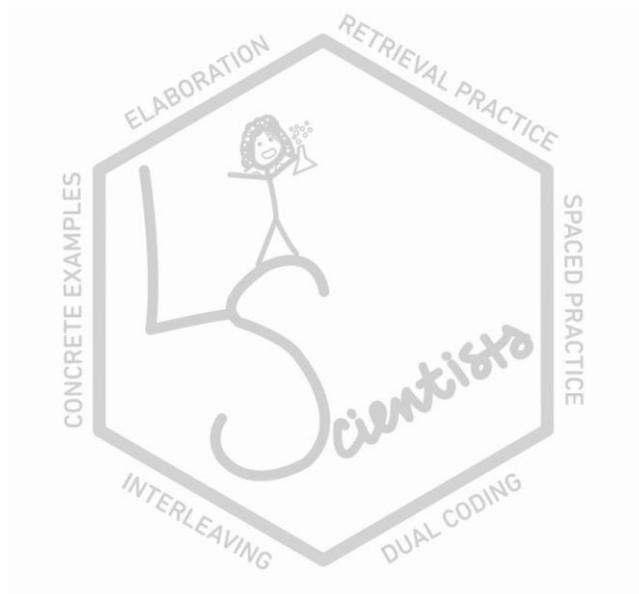

By the end of this lesson you will have reviewed how to do a mind map as part of your revision

Retrieval Practice

Learning Scientists

For more information about spaced practice, retrieval practice and other effective learning strategies we have shared with our students, go to www.learningscientists.org.

Try it

Now choose any topic from any subject you will need for your mock exams and do a mind-map

Over half term you will need to target using this strategy as part of your revision
